Dear Sir:

Please amend the application as follows:

AMENDMENT

In the title, please amend the title to "Two-Shot Molded Backlit Switch Cap"

In the claims:

1. (Amended) A cap for a switch comprising:

- a rigid face portion formed of a thermoplastic first resin having a continuous top surface, a perimeter, and edges; and
- a skirt portion formed of a synthetic second resin integral with the edges of the face portion and extending downward from the face portion,

whereby, the integrated face portion and skirt portion define a substantially concave interior.

2. (Rewritten) The cap of claim 1 wherein the face portion is mechanically joined to the skirt portion.
